

YouGottaLoveFrontEnd

Tel Aviv FrontEnd Conference | June 8-10 2015

CONVINCE YOUR BOSS!

Worried about taking time off of work to attend YouGottaLoveFrontEnd? The good news is we believe this conference will add to your work life, not distract from it. Attending YouGottaLoveFrontEnd offers guests:

KEEPING UP WITH THE TRENDS

As today's software keeps advancing, so too does our field and, especially, its contributions. What better way is there to stay on top of the ever-changing front-end trends than to be in the middle of all who set and/or follow them?

LEARNING DIRECTLY FROM THE BEST OF THE BEST

At the two-day event, you'll meet the world's top professionals in our field. What's more, the knowledge and guidance you'll learn directly from them and bring back will add value to your company.

NETWORKING OPPORTUNITIES

Since you'll be among 700 other front-end professionals, you can talk with them and establish a strong global network of industry connections.

PRIVY TO THE NEWEST TECHNOLOGY AND TECHNOLOGICAL MINDS

In addition to discussing the latest front-end trends, YouGottaLoveFrontEnd will also feature the most current developments in front-end technology. Not only will you get a front-row seat to all of this mind-blowing greatness, but you'll also gain insight into the different problem-solving approaches of our field's top mentors.

We're happy to answer any questions you may have. We hope you can make this work.
